

# PRIORITIES

Allow for immediate user interaction

Define what is at stake

Provide geographical context

Give story context w/protagonist + antagonist

Create emotional hook + nostalgia for home

Create sense of place, atmosphere and mood

Make the user's presence known & personalize it

Allow for exploration

Show growth, momentum, change, something building

Allow for community updates

Weave stories and show relationships

Once invested, entice user to participate/contribute

Make meaningful, but also entertaining and fun

Potentially provide traditional map visual

Allow access to all portraits

Allow for recorded path & actions

Make interface unintimidating

Keep in mind a reusable platform/template
